CRS Users Group- South Shore

The goal of the South Shore CRS Users Group is to connect and guide local communities through CRS, share best practices, and work together for better floodplain management.

March 11th, 2020 – 10:00am-12:00pm – Braintree Town Hall – 1 John F Kennedy Memorial Drive, Braintree, MA 02184 (snow date March 18th)

OPENING: Joe Rossi, Massachusetts Coastal Coalition

- An overview of what a CRS user group is, our collective goals and questions to focus the day on.

CRS ACTIVITIES AND FOCUS AREAS:

- An overview of the CRS activities, which ones local communities are targeting and getting points for and which ones you may want to do.

CRS QUICK CHECK:

- A review of the CRS Quick Check, which will be the starting point for communities looking to enter the CRS program.

REALITY CHECKS AND BEST PRACTICES:

- How the program actually works on the ground. We will review some local best practices, as well as some “reality checks” of how things actually play out in most of the smaller Massachusetts communities which will include an overview of what you as a community can expect and how things to actually work. Then we will open up the discussion to you for us to have an open discussion on the best way you are implementing CRS.

CLOSING AND ACTION ITEMS

- Discussion on next steps, collective thoughts on next meetings, resource follow ups.
